

## tGELF Workshop

DPS Gurgaon organised a tGELF workshop for the teachers of class XII on 17<sup>th</sup> July, 2019. The workshop, 'Skilling and Knowhow initiative for Lifelong Leadership Development', was conducted by Ms. Dinu Raheja. The interesting activities and enriching group discussions made the workshop all the more interesting. Teachers together analysed the difficulties faced by the teenagers these days, the reasons behind their stress and the solutions to their problems.

Various comprehensive sessions and their in depth explanation by Ms. Dinu helped everyone in understanding the need of inculcating leadership qualities in the future torch bearers. It further helped everyone gain a better insight into the techniques of conducting the various activities in class and how to make them more enjoyable. This workshop brought forth the pertinent issues that must be addressed in a class and how to motivate the students to be focused even as they face continuous perils.

All in all it was a fruitful workshop with teachers looking forward for some more enrichment sessions in the future.
