

## Interact Monthly Report- July 2019

### *'Patriotism is like charity- It begins at home'*

Keeping up with the spirit of love for one's motherland the Interact club organized 'Flag Making' activity for the students of classes III to V of the Shiksha Kendra on 25<sup>th</sup> July 2019. The Interactors facilitated the activity by providing A4 size sheets to all the students and contributed boxes of colour pencils for the same. Every child was given the outline of the flag, which was coloured with the assistance of the members of the Interact Club. The students and teachers will proudly wear the handmade flags on 15<sup>th</sup> August. The activity filled each heart with patriotic fervour and also reiterated the symbolic meaning of the colours, which embellish the Indian Flag.

The activity planned for class VIII students was Patriotic Hindi Poetry Recitation Competition, which was scheduled for August. The students were divided into six groups. Class XI Interactors, became mentors of the groups thereby identifying the poetry to be recited and teaching their group members the nuances of recitation. The competition will be held in the month of August.

Such activities serve as a reminder of the grit, determination and sacrifice made by our forefathers to protect our nation, so that we may breathe in an environment of freedom.
