

Pi Squad Activity (Class VIII)

The Maths Club-‘Pi Squad’ conducted an activity for the students of class VIII on 27th July 2018. The activity was based on the most intriguing and amazing mathematical constant ‘Pi’. The session began with a multimedia presentation by Pi squad members, which included the origin, history, fun facts and applications of Pi. It was followed by an interactive discussion on importance and usage of ‘Pi’ in our day- to- day lives. To keep the enthusiasm alive, a ‘Memory game’ was also conducted wherein students were given one minute to memorise the digits of π to the maximum number of decimal places.

Pi squad members ignited curiosity among the young minds to know more about the fascinating number ‘Pi’. Students thoroughly enjoyed this activity and had a great learning experience.
