

NURSERY MINI PTM -UDDY-MUDDY FAN CLUB

As part of Earth week celebration, a Mini-PTM 'UDDY-MUDDY FAN CLUB' was organized for the students of Nursery class. The presentation began with the children singing the prayer and Earth Day song. The skit began with the mascot 'Uddy-Muddy' being sad because people are polluting the environment. But his friends cheered him up by suggesting ways to save our planet. Children spoke confidently about steps we can take every day to make a difference and save mother Earth. The little ones also took a pledge to save the Earth and presented a foot tapping dance. A beautiful takeaway was presented to the parents on the occasion. Parents were delighted to watch their children gain confidence and perform so well.
