

REPORT
Portfolio Day
3rd May 2019

Recognising the importance of global exposure in education, to help enhance and broaden the vision of our students, DPS Gurgaon organised a pilot event “Portfolio Day’ in collaboration with “In-Country, UK”, on Friday, 3rd May 2019. Delegates from globally-renowned universities of Art and Design participated in the event.

Faculty Delegates from the following universities took part in the symposium:

1. Manchester School of Art, UK
2. Arts University Bournemouth, UK
3. Coventry School of Design, UK
4. University of Applied Sciences, Europe
5. Kent University, UK
6. Indian School of Design and Innovation (Parsons), Mumbai

During the symposium, students had the opportunity to engage with faculty representatives from these universities. Their portfolios were reviewed through a one-on-one feedback process. First-hand information about fee structures, scholarships, and application procedures was also disseminated during the individual counselling sessions. While these sessions were in progress at various venues, other students interacted with Ms. Singh who walked the audience through the programmes offered by these universities.

This venture was well received by the students, who gained insight and clarity towards an informed choice.

Student Feedback:

“It was an enriching experience for the fine-arts students as it guided us towards improving our portfolios. It was good to get an exposure to so many universities offering courses in Art and Design under one roof.”

- Asmita Iqbal

“This session was an informative experience for me, and has helped me gain better understanding towards my future path”

- Sanya Mohanty

“I thoroughly enjoyed the session as I gained greater understanding about the creative professions available in the various universities. The faculty representatives entertained all our queries in a manner that surpassed our expectations”

-Sara Jain
