

Infant- My Superhero...My Dad
8.5.19-10.5.19

Every child needs a gentle hand in their lives as they grow. A father is a guide who is there with them in their magic moments of life.

To strengthen this bond a special event '**My Superhero...My Dad**' was organised for 'DADS' and their little ones. They both participated in many activities and games. Children also danced to the tune of foot tapping music. It was a memorable day for everyone as they went home with beautiful take-away for mom and a sapling.
