

REPORT: Atal Tinkering Lab Workshop

A two- day workshop was organised for teachers of the Computer Science and Science departments, conducted by Mr Shivam Tiwari Founder member--Scrap Labs) at DPS Gurgaon on 11th-12th September'18.

The objective of the workshop was to expose the teachers to new learning pedagogy and to involve teachers in Atal Tinkering Lab (ATL) operations, a specialised lab funded by Niti Aayog, Govt of India which is fully functional in our school.

The workshop included hands- on activities, demonstrations, videos and use of smart board to enable teachers to include ATL facilities on a daily basis in their teaching methodology and to give students enough opportunity to come up with innovative ideas and to work on the ideas.
