

PTM REPORT

CLASSES IV & V (2019-20)

The most overwhelming key to a child's success is the positive involvement of parents. Keeping this in mind a Parent Teacher Meeting for classes IV and V was held on 11th May 2019 to discuss the performance of the students.

The PTM turned out to be a constructive exercise wherein the parents interacted with the class teachers and subject teachers who gave them a detailed feedback of their ward's progress. They exchanged their ideas and suggestions to accomplish the aim of the holistic development of their ward through mutual contribution and commitment. The parents also had a glimpse of various activities done by the children in all the subjects during the previous months through e-journals.

Parents were satisfied with the manner in which their wards have settled in their new class and appreciated the efforts put in by teachers and the school towards the holistic development of their wards.
