

JUNIOR SCHOOL INTER HOUSE COOKING WITHOUT FIRE COMPETITION

Eating is a necessity but cooking is an art.

As a part of the Inter House activities conducted throughout the year, various competitions were held at DPS Gurgaon, for the students of Junior School, during the month of September. The activity fest set off with the Home Science event of the year 'Cooking without fire', held on 6th September, 2018.

Adhering to the tradition of nurturing hidden talents, the culinary skills of our little angels were employed in the sensational event. The sight of kids looking vibrant in their reused newspaper aprons and chef caps reflecting their House colours, was as delightful as watching them engrossed in preparing the delectable delicacies.

Jamuna House stole the judges' heart as they stood first, followed by Satluj and Jhelum Houses in the second and the third positions respectively. The judges adorned the rest of the houses with suitable titles as the 'Budding Chef', the 'Creative team' and the 'Best teamwork' to encourage and appreciate them for their hard work.
