

REPORT- tGELF- WORKSHOP.

A workshop on ‘Skilled and knowhow initiative for Lifelong Leadership Development’ (SKILLD) was organized by DPS Gurgaon on 16th July 2019. It was conducted by Mr. Rahul Augustine for the teachers of grade XI . It was an interactive session wherein the resource person elaborated on the finer aspects of leadership and how these attributes contribute in making a good leader. The training programme dealt with various skills needed to be spotted as a leader and also to enable the students to become social entrepreneurs in the right sense of the term.

Social Entrepreneurship is extremely important in today’s times. Keeping this in mind the main objective of the workshop was to guide the teachers to have a clarity of ideas between simple entrepreneurs and social entrepreneurs, the former working mainly for profit making initiatives and the later concentrating on various social challenges and issues lurking in all sections of the society.

Various fun-filled activities were conducted during the session. These led to unique bonds among the participants creating engaging classrooms. The workshop familiarised the teachers with the life skills to be dealt with in a classroom. The experiential programme had a unique value-based curriculum which helped to create a global mind set amongst its participants.
