

## MINI PTM REPORT - CLASS V

“What we learn from pleasure we never forget.”

To recapitulate and showcase the knowledge gained during the previous few weeks, a Mini PTM for class V was held on 24<sup>th</sup> and 25<sup>th</sup> July 2019. The students exhibited importance and practical application of different topics learned in the class with the help of fun filled activity based performances.

Students elaborated the concept of 'Estimation in Everyday Life' with the help of a role play in Mathematics. In IT, the meaning of Artificial Intelligence, its significance and usage was beautifully presented by the students with the help of a skit. Recitation of poetry about colours, fruits, animals in the chosen third language, by the students stole the heart of the parents with their well-rehearsed performance.

Parents enthusiastically applauded the performances and appreciated the efforts made by the students and teachers.
