

EARTH DAY AND WORLD BOOK DAY (JUNIOR SCHOOL)-2019

All life is important, no matter how small.

The Earth Week celebrations commenced on 16th April 2019 with a short film on the theme Earth Day 2019 – ‘Protect Our Species’ shown to the students of classes IV and V while the students of class III enjoyed the Earth Day song video. The students willingly pledged to take care of our Mother Earth.

An informative Powerpoint Presentation about endangered animals enhanced the awareness arena of students of classes IV and V which was followed by an interesting word search activity. The students also involved themselves in the badge making activity with noteworthy slogans on protecting all beings on the earth. The students of class III enthusiastically participated in the crown making activity. A thought-provoking assembly on ‘Protect Our Species’ by Junior school and a spirited, worthwhile Nukkad Natak (street play) by the students of class V, on peaceful co-existence of all beings on Earth received a heartening response from the audience.

The week-long enriching proceedings concluded on an inspirational note when students created lovely bookmarks with encouraging quotations on Reading scripted on them to mark the World Book Day.
