

ASSEMBLY REPORT-VI D

“Diversity is the art of thinking independently together.”

Malcolm Forbes

Students of class VI D presented an assembly on ‘Differentiated Needs’ on 13th May, 2019 in the school auditorium. The theme of the assembly was to create awareness about diversity in thoughts and actions and the need to build relations based on compassion and tolerance for creating a happy world.

The theme was highlighted through a poem. Children were also sensitised about the need to be judicious and aware while playing online games and not lose sight of their goals in life. Winners of inter-house competitions and other inter school events were awarded certificates.

The Headmistress, Ms. Shalini Arora, appreciated the students and advised them to be empathetic towards everyone around them.
