

Class II-Hindi Recitation Competition

Poem is meant for enjoyment. The children enjoy the beauty of expression, thoughts, rhyme, rhythm and music of words. Taking these facts into consideration, the children were given an opportunity to exhibit their talent and confidence in a Hindi Recitation Competition on 24th and 25th September 2018. As a part of the Hindi Diwas celebration, students were asked to recite any poem from their text book with proper intonation and pronunciation. Students enjoyed the activity and enhanced their oratory skills as well.
