

Interact Club –December Report

Hand Crafted Decorations

"Happiness lies in the joy of achievement and the thrill of creative effort."

The fun of creating hand made decorations for the festive season of Christmas, was the aim of the activities designed for the students of Shiksha Kendra by class IX Interactors of Delhi Public School, Gurgaon.

The activities planned were- reusing plastic bottles as decorative items for hanging plants, making photo frames and reindeer caps with newspapers. The Interactors made engaging DIY videos of the activities and shared them with the students of classes III to V of the Siksha Kendra.

The activities gave hands-on experience to stimulate creativity among students. It also encouraged them to celebrate the spirit of diversity of the country. The response towards the activities was overwhelming.

Such activities make the young learners conscious of their responsibilities towards conserving the environment by following the three R's- Reduce, Reuse and Recycle.
