

REPORT ON SOCIAL STUDIES DAY

“A sense of curiosity is nature’s original school of education.”

Smiley Blanton.

Social Studies Day was observed on 24th August'18, with great enthusiasm and gusto in the junior wing. The day was loaded with a melange of activities.

To begin with, students were shown videos to give them an insight into Social Studies and its different branches.

‘**Flavours of India**’ activity was conducted for Class III. Students were shown videos about exquisite cuisines of India. A platter with food from different regions of India was displayed. Students enjoyed expressing their liking about food through their drawings. An **awareness campaign against river pollution** was organised for Class IV. An interactive brainstorming session about causes, preventions and repercussions of river pollution helped students to put on the thinking caps. They enacted short skits and poems to raise a voice about the issue. Students of Class V spoke about their choice of famous personality who influences and inspires them for the ‘**Leader Who Inspires Me**’ activity.

The feeling of patriotism is important for understanding the true value of Independence and patriotic songs are the best means to do so. To evoke this feeling of patriotism, students of Classes IV and V sang **Patriotic Songs**. The corridors echoed and the spirit of independence touched all hearts.

The impetus of Social Studies Day was to manifest students about issues related to their daily lives as well as the vast diversity of the world. It is important that today’s child grows up to be good social beings and embrace this diversity so as to make this world a better place to live in.
