

Dilli Darshan' Report

“Travel and change of place impart new vigour to the mind.”

Dilli Darshan, an educational trip was organized on September 26, 2019 for the students of class IV, wherein they visited a few places of tourist attraction known for their rich cultural heritage.

The students were shown and explained the importance of the President House, High Court, Secretariat Building and Parliament House on their way to the Nehru Planetarium. In the Planetarium, the students gained information about planets, constellations, position of stars and learnt interesting facts about the galaxy. They also visited Gandhi Smriti, a museum dedicated to Mahatma Gandhi, where they viewed a large collection of photographs, personal belongings, the room where Gandhiji lived and the ground where he held prayer meetings. The students were filled with admiration for the ‘Father of the Nation’ about whom they had only read. At the Akshardham Temple, the main shrine, various exhibition halls and a movie gave the students glimpses of the life and work of Swaminarayan. They also took a boat ride and sailed past tableaus depicting the rich cultural heritage of ancient India which followed by a scrumptious lunch made their day.

Overall, the trip was a wonderful, fun-filled learning experience for the students.
