

## DELHI PUBLIC SCHOOL, GURGAON

Dear Parents,

12<sup>th</sup> September'19

It is our constant endeavour to keep our students updated with global trends in careers and opportunities. To develop enthusiasm for skills in science, technology and math in girls, DPS Gurgaon has joined hands with Ernst & Young, in their pilot initiative, 'Women in Technology programme (WIT).

Ernst & Young has launched a mobile application that will engage girls in STEM (Science, Technology, Engineering and Math) curriculum. The content is in the form of fun filled activities and is sourced from renowned institutions such as Columbia, Stanford, Georgia Tech etc.

The application  
will

- enable girls to explore, ask questions and pursue STEM related careers.
- provide peer STEM learning environment across the globe.
- increase STEM competence through experiential learning.
- influence STEM values by showcasing career paths of role models globally.
- develop transferable skills aligned with future professions.

The points earned at different levels will be converted into rewards. These will include visits by STEM role models, attending STEM activation sessions, counselling through mentorship and shadowing programmes with Ernst and Young.

We invite you to attend an orientation session for the same, along with your ward on Thursday, 19<sup>th</sup> September 2019 from 9.30 am to 10.30 am in the school auditorium.

Please send a confirmation to [shikhasabarwal16@gmail.com](mailto:shikhasabarwal16@gmail.com) or [grishma.sharma83@gmail.com](mailto:grishma.sharma83@gmail.com) by Monday, 16<sup>th</sup> September 2019 in case you wish to attend the session.

With best wishes

Aditi Misra  
Director Principal
