

Infant -My Dad- My Superhero

A special event, My Dad -My Superhero, was organized by the students of class Pre-nursery to celebrate their bond with their dad and make them feel special. It was a heart-warming occasion where dads took a break from their busy schedules to join the little ones at school. The event had a plethora of exciting hands-on activities that every student carried out along with their father. The Infant students welcomed their dad with a prayer and a song. This was followed by a foot tapping freeze dance, which was enjoyed by one and all. The students showcased their creativity by decorating beautiful craft items for mommies. The dads could be seen having a good bonding time with their child. They carried home memories of an unforgettable day, with a stronger bond with their child. The presence of the Senior Leadership Team made the event even more special.
