INTACH ACTIVITY

Van Mahotsav: Rooting for greener tomorrow

Date: 18th July 2025

To commemorate Van Mahotsav, students enthusiastically participated in a plantation drive held on 18th July 2025. The event aimed to raise awareness about the importance of greenery and medicinal plants in our daily lives.

Children brought saplings of Tulsi, Aloe Vera, Neem, and other medicinal herbs, which they carefully planted in eco-friendly containers like used earthen pots (khullads). The pots were creatively decorated by the students and displayed along the school corridors, turning the area into a vibrant green zone.

The activity not only encouraged environmental responsibility among students but also promoted the traditional knowledge of herbal medicine. Teachers appreciated the initiative, and students took pride in contributing to a greener future.

The celebration was a great success and served as a reminder that even small steps can lead to a big change in conserving our environment.
