

REPORT

TREE PLANTATION (2025-26)

'When we plant trees, we plant the seeds of peace and seeds of hope.'

Each tree planted is a promise to breathe cleaner air, to shape future paths, and to nurture life in all its forms. The annual plantation drive, held every year in the premises of DPS Gurgaon Sec 45, during the monsoon time, was carried out on 23rd July 2025 this year, as a part of the CBSE promoted 'Eco Club for Mission LiFE'.

The initiative began on a beautiful note with Class V students reciting a Sanskrit shloka on the significance of trees. It instilled a deep sense of respect for trees and described their role in sustaining life. The ceremony was honoured by the esteemed presence of the Director Principal, Ms. Aditi Misra, Offg. Dean Community Outreach, Ms. Sarita Singh, Dean Guidance and Counselling, Ms. Anamika Sethi, and Headmistress, Junior Wing, Ms. Kanu Chopra.

Ms. Aditi Misra planted saplings alongside the students which demonstrated her commitment to the cause and promoted a sense of shared responsibility among the students. A variety of native saplings like Amla, Champa, Chandni etc. were planted through active participation of the students who pledged to nurture them and ensure their growth. The event successfully cultivated a sense of ownership and responsibility towards nature amongst all.
