

REPORT ON SPECIAL ASSEMBLY – RESILIENCE

‘Resilience is knowing that you are the only one that has the power and responsibility to pick yourself up.’

A special assembly was conducted for the students of middle school on the topic 'Resilience' on 26th August 2021.

Resilience gives students the strength to face and overcome hardships. It teaches them to approach new situations, people or experiences with confidence and a positive mindset, which will make them more likely to succeed.

The participants of Ravi and Satluj House were applauded for their enthralling performances.

The students were motivated to participate in various functions and events. They were advised to be resilient so that they can shine in future and achieve their goals.
