HOUSE FUNCTION- RAVI & SATLUJ

Delhi Public School, Sector 45, Gurgaon, celebrated the spirit of resilience through a house event, presented by Ravi and Satluj Houses, on 24th August 2021. The function was celebrated with a lot of verve and fervor. Students from both the houses got the opportunity to work in unison for the success of this event. They displayed various talents through this platform whilst they learned to work as a team.

The event commenced with the chanting of Shlokas, seeking the blessings of the Almighty. Following the same was the display of colourful posters that depicted the students' perception of the Earth and how one can contribute to it for sustainable development. The next performance was a self-composed poem recited by a student, Mehul Sundrani, who expressed his journey through the unusual times of Corona, motivating the viewers to tread through the worn out path despite the upheavals, as tough situations do not last but tough people do.

A dance rendition was the next to follow, which yet again highlighted the power of resilience and how a dream can blossom and a seedling can sprout into new life if one continues to persevere and never accept defeat. Lastly, a radio show was presented by the students of class IX, wherein they discussed the pertinent issues of our world and how we can be resilient to face atrocities in the future. The Director Principal, Ms Aditi Misra, addressed the august gathering. She lauded the efforts of the participants and the office bearers for enthusiastically participating and organising the event even in an online mode. She said that online mode gave each child the freedom to perform from the comfort of their homes and so even the students who are shy can use this opportunity to explore themselves and their talent.

The event culminated with the House Captains- Rishika Mewari and Daksh Gautam delivering the vote of thanks.
