

Report on Good Readers Visit to NBT

“Books are the quietest and most constant of friends; they are the most accessible and wisest of counselors, and the most patient of teachers.”

— Charles W. Eliot

Books attract people of all ages who are interested in learning and keen in getting information or knowledge by reading them. They play a very important role in everyone’s life, especially in a student’s life and inspire them. To nurture the love for reading, the good readers of Class V with their teachers went to the National Book Trust of India on 18th February 2020.

Children were apprised of the diverse collection of books available at NBT and were given an opportunity to browse through them. They selected quite a few books for themselves. Mr. Divik Ramesh, noted children’s author conducted a short session wherein he shared excerpts from his writings. He emphasized on the importance of reading and motivated the students to write poems and articles. He urged the students to make books their good friends as books can guide them in their adverse times and bring positivity into their lives.

The visit was an exciting and inspiring experience for our good readers, who were simply delighted to get such a wonderful opportunity to broaden their horizons.
