

REPORT - Sports Meet 2019

Perseverance and determination are the key to master any sport. Keeping the spirit of sports intact, DPS Gurgaon celebrated a Sports Meet for the students of classes IX and XI over a span of 15 days. This event culminated on 18th December 2019. Students look forward to this event throughout the year and were witnessed participating in the sport of their choice with vigour and enthusiasm.

Throw ball, Cricket, Chess, Basketball and Table Tennis were few of the many competitions that gave equal opportunity to both, boys and girls, to showcase their dexterity. Students gathered in the wee hours of the day on 18th December 2019 for the finale of the event. The six houses marched past the field and took the oath of playing fair and being true to their flag, helping it soar high. The day commenced with heats for the different track events, followed by the finals for the same. The athletes were seen cheering their friends and giving their best on the tracks. The winter wave could not subdue their spirit of healthy competition. The competitors were addressed by Director Principal, Ms Aditi Misra, who lauded their efforts for conducting the event successfully. She further went on to say that students are making a new place for themselves in the field of sports, writing new chapters in the leaves of history and that she believed her students could do the same. She appreciated their efforts of braving the cold and performing exceptionally well on the field. She also said that the participants should enjoy the hues of competitiveness but also learn from their opponents whilst playing fair with each other.

This event brought together the six houses of the school, giving each one an experience to cherish, work as a team and make new bonds.
