

Important Notice : National Deworming Campaign at DPS Sec 45 Gurgaon

The National Deworming Day is an initiative of Ministry of Health and Family Welfare, Government of India. It aims to improve the health & well- being of preschool and school-age children between the ages of 1-19 years by reducing Soil Transmitted Helminths (STH) infections through mass deworming and preventive measures.

Intestinal worms are a serious impediment to the development of children in India and affect a child's ability to grow - both intellectually and physically.

It can lead to anaemia, malnutrition, impaired mental and physical development, and reduced school participation.

National Deworming Campaign would be conducted between 12th and 18th September followed by the Mop up round from 19th to 22nd September.

As a part of the Campaign, age appropriate dose of Albendazole will be administered to all eligible children and adolescents through home visits by a team of Anganwadi Worker and ASHA.

The medicine (albendazole tablet 400 mg) would also be made available in the school on the above mentioned dates .Parents can collect the medicine from the medical centre of DPS Sector 45, during school hours (9 am to 12 noon) on any working day.
