

Online Paradise: Utopia MUN 2020

Days may be spent inside our rooms, for long hours in front of laptops, but that didn't stop the students and teachers from hosting yet another edition of the annual Intra- MUN conference, Utopia MUN '20.

DPS Gurgaon organized its Twelfth Intra-School MUN, the very first 2- day virtual MUN Conference with 10 committees ranging across Historic, Traditional, International and Crisis backgrounds coupled with constructive agendas, on the 25th and 26th of July'20. The Executive Board consisted of experienced school alumni, while students from grade 8th to 12th participated as Delegates, Secretariat and International Press Members.

The opening ceremony was graced by a small video message from our Director Principal, Ms. Aditi Misra, followed by a speech from the Secretary-General, Aarya Wasan.

The two days were full of exciting debates and once-in-a-lifetime experiences, attributed to the fact that even as the delegates and the EB members were far apart, they were still united through the online realm to work on their consensus building. Several platforms were chosen for different committees, yet the event was well-coordinated, planned, and implemented, thanks to the efforts of the organizing committee.

The event finally capped off with a spectacular closing ceremony, highlighting various light-hearted moments and the works of the International Press from the Conference, ranging from hilarious quotes to wholesome poems, followed by the grandeur of the valedictory awards ceremony.

Utopia 2020 was finally declared closed on an exciting and enriching note by Vice-Principal, Ms. Santvana Thadani.

Overall, the online event was a fun and learning experience for all, which allowed students to hone and sharpen their skills in the fields of debate and diplomacy through a new platform.
