

Virtual Tour of Red Fort and Sabarmati Ashram

Classes VII and VIII

A virtual Tour was conducted for the middle school students for classes VII and VIII, on Monday, 18th January 2021, to further enhance their perspective of rich social and cultural heritage of India.

The students of Class VII who are presently studying medieval history, virtually visited Red Fort and were familiarized with the architectural splendour of medieval India.

The students of Class VIII who have just completed reading about 'The Making of the National Movement' visited Sabarmati Ashram virtually.

The virtual tours were followed by activities to gauge the understanding of the students of these classes. The outcomes of these activities suggest that the learning objectives were successfully achieved.
