

Report - Talent Fiesta 2020

The new academic session 2020-21 for class XI students commenced in the month of April. It has been the tradition of DPS Gurgaon to welcome the students by organizing 'Talent Fiesta'. The event encompasses a plethora of co-scholastic activities as ice-breakers. Due to the current pandemic and in the wake of social distancing this year, Talent Fiesta 20 was conducted online. The event comprised of 14 activities which provided a wholesome opportunity for the participants to express themselves through various art and creative forms. Activities like Film making, Photography, Impressions, Self-composed Poem, Designing a Comic Strip, Script for a Street Play, Advertising a Product, Self-choreographed Dance, Rap Your Song, Preparing a School Tiffin, Salad Presentation, Painting with Scissors and Modular Origami 3D Structure, encouraged the learners to think out of the box. Parent Reps and alumni of the school community assessed the entries of various activities. The teachers guided the students through the events and motivated them to showcase their talents. The activities empowered the budding artists to think beyond boundaries, and channel their inner talents and discover new ones during the period of social distancing.
